THE

Nazareth Waist

Is as perfect a hygenic, practical and comfortable undergarment for a child from 1 to 12 years as it is possible to make. This Waist is made of an elastic knit fabric, is seamless, fits like a glove, and combines all the practical properties of a knit undervest with the supporting, protecting qualities of a waist. When a boy wears a "Nazareth," he is free to play and romp. The waist being elastic, it gives with every motion of the body, hence, wears longer than any other waist. When a girl wears a "Nazareth," she is properly supported during the years when a waist is absolutely necessary. The elastic fabric strengthened by re-enforcing bands wherever needed, makes the garment an ideal one for wear at all seasons.

The usual retail price of these goods is 25c. By buying in wholesale quantities in connection with our Newark store we are able to sell these waists at the very low price of

15c Each

For all sizes.

TWO STORES.

As with the "Nazareth" Waists, so it is with many other lines of merchandise. We have the largest Dry Goods Store in Lima and a still larger store in Newark. Buying for two such large establishments enables us to underbuy other merchants here. We invariably give our patrons the benefit of the low prices we obtain.

TO A WAR FOOTING

Japan Is Perseveringly Raising Her Army and Navy.

A WARLIKE TEMPER PREVAILS

And the Government Seems Desirous of Being Ready For Anything The King of Corea a Prisoner—Over 9,000 Cases and 5,000 Deaths From Cholera in Japan Since the Outbreak.

ST. PETERSBURG, July 29.—Advices to The Novoe Vremya from Vladivostock say that Japan is assiduously raising her army and navy to a war footing. Two cruisers, bought in Peru, have already arrived, and crews will shortly be sent to England to bring out three ironclads, each of 12,000 tons, which have been ordered there. A strong and warlike temper prevails in Japan.

This correspondent further says that the imperial bodyguard has been sent to the island of Formosa, where the rebels are supported by the viceroys of southern China, who send them arms and ammunition to maintain a stubborn resistance. The Japanese have blown up the fortifications at Port Arthur.

Cholera is raging in Corea and in the Liao Tong peninsula.

The Japanese dominate Corea and hold the king a prisoner.

JUMPED THE TRACK

And Went Into the Sea—Fourteen Japanese Soldiers Drowned.

YOKOHAMA, July 29.—A train bearing 400 Japanese soldiers who landed at Hiroshima on their return from the war, while en route to Kobe ran off the rails where the line is constructed along a sea wall. Plunging over the wall, the first section to the train was thrown into the sea. It consisted of 23 cars and two engines, one in front and one in the rear. A gale prevailed at the time and immense waves washed over the railway track. When the train reached the most exposed part on the morning of the accident it was very dark. A succession of heavy breakers struck the train and cut it in two. The first engine with 11 cars fell into the sea. It is stated that the killed number 14.

Cholera In Japan.

YOKOHAMA, July 29.—Since the outbreak of cholera in Japan 9,000 persons have been attacked with the disease and over 5,000 have died.

HORR-HARVEY.

The Two Gentlemen Had It Lively Saturday—Debate Ends Today.

CHICAGO, July 29.—Saturday Mr. Harvey said he was accused by his opponent of finding fault with men and conditions for the reasons, as he charged, that the silver people delighted to do so.

Mr. Harvey continued: "He has touched a phase of human nature on which volumes might be written, and it is a hope of all who take an active interest in the promotion of civilization that the time will come when there will be nothing but contentment and happiness on this earth. You can not deter brave men, who know their rights, and dare maintain them, by an argument that is intended to lure them from the subject to which they invite your intelligent analysis. Mr. Horr's inappropriate language consisted of words that might be addressed to slaves, but not to free men."

Mr. Harvey, in defending the use of the table to show the decline in prices of staple articles since 1850, attacked the Aldrich table, which he said was made by a committee in the United States senate, and that the man who helped make it was Edward Atkinson, whose bias could be judged by the fact that he had recently said over his own signature to a Chicago paper that the proper way to deal with a silver man was to hit him over the head with a club.

Mr. Horr added: "What we want and what these people are after is to destroy all property and put this nation on a socialistic and anarchistic basis. [Cries of 'No.'] That is right. I know you would understand that."

Mr. Harvey—"I submit right here that there is not one scintilla in this debate that authorizes you to say that."

Mr. Horr—"I say there is one scintilla in it, and I say that up to date you have got applause from this audience, your part of it only, when your arguments tended to show that you think the whole society of this country ought to be destroyed. [Cries of "No."] Well, never mind, don't bother. Now as to banks. Why is it that Mr. Harvey feels called upon to enter into a tirade against banks and to indulge in such a torrent of abuse against bankers? No nation on the face of the earth has been as prosperous as the United States since 1873. As far as the United States is concerned I know he is mistaken."

Mr. Harvey presented his opponent with a table of failures in the United States during the last 38 years, and declared that the credit system of money, with its tax of $200,000,000 annually, would account for every dollar in those failures.

The debate ends today.

AGED NEGRO LYNCHED

Believed That This Crime Was Done to Conceal Another.

MERIDIAN, Miss., July 29.—Charlie Burwell, 63 colored, was lynched near here. It was thought that he was concerned in the Farmer outrage, which occurred within a stone's throw of where he was hung. On the night of the Fourth of July Lewis Farmer and his wife, who run a small store about two miles from here, were assaulted and left for dead, after which their store was robbed. It is thought that Burrell had information as to who did the deed and that he was put out of the way to shield the real murderers.

Cuban Exile.

NEW YORK, July 29.—The steamer Yumuri of the Ward line, from Havana, brought to this city Mrs. Antonio Ruiz Perdomo, the head of the band of guerilla fighters who was captured by the Spanish authorities near Havana, imprisoned at Moro castle and was released from prison upon the intervention of United States Consul General Williams and was deported from the country, arriving in this city last week.

WANTS TO BE HAWAII'S GOVERNOR.

Congressman Hilborn Hustling For That Position.

SAN FRANCISCO, July 29.—The steamer Australia from Honolulu, July 20, brings the following:

Congressman S. G. Hilborn of Oakland, Cal., is here in frequent consultation with President Dole and cabinet. At a banquet last evening he made a speech and declared the United States must annex Hawaii. He said the true situation was not known in the United States. If it was the national lawmakers would not hesitate a moment about annexing this territory. Hilborn's intimate friends here say he will have introduced at the next session of congress a bill looking to the annexation of the Hawaiian Islands and providing for a joint congressional commission to visit Honolulu and examine its affairs. His friends say if his annexation bill passes he will expect to be appointed governor of Hawaii.

Arms For Royalists.

TACOMA, July 29.—Six gatling guns, intended for the use of the Hawaiian royalists, are said to be en route to Puget sound from one of the eastern states. The Hawaiian government learned they had been ordered and recently sent a secret service agent here to intercept them. This agent arrived last week and gives his name as H. H. Allen. He bears credentials signed by high officials of the republic. He told the Northern Pacific officials that he did not think they should carry contraband articles over the road. They smiled and said the road would haul all freight offered. If the guns arrive Allen will notify the customs authorities and ask them to stop their shipment. His belief is that they will be loaded aboard some lumber schooner and shipped to Hawaii. He has employed a Seattle detective to watch the Great Northern there. Railroad men say they have no knowledge of the guns. Allen thinks the royalists are planning for a demonstration next September.

TRIED TO BREAK JAIL.

One Kentucky Criminal Killed, One Mortally Wounded and One Recaptured.

SERGEANT, Ky., July 29.—James Moore, James Cisco and Elijah Wright, notorious desperadoes and moonshiners, who were arrested a week ago, attempted to break out of jail at Prestonsburg, and a desperate fight ensued between them and the guards. Wright and Cisco were mortally wounded, and the other was recaptured. None of the keepers were wounded.

Wright was a member of the gang that in the winter of 1886 succeeded in killing two of the best citizens in the mountains of eastern Tennessee—William Wright, Sr., their uncle, an old and worthy citizen, and Andrew Wright, a peaceable and well-to-do citizen, both residents of Boon's Fork, in Letcher county. By some means, though, they all managed to evade justice on trial and were set at liberty.

Will Fish In a New Boat.

BUZZARD'S BAY, Mass., July 29.—The steam yacht Oneida with her owner, Mr. E. C. Benedict, the intimate friend of President Cleveland on board, arrived here late Saturday. The Oneida brought a little naptha launch which has been built expressly for Mr. Cleveland's use about Buzzard's bay. It is described as being very neat and graceful, 35 feet long and nine feet beam. The naptha launch is intended to replace the catboat Ruth for long fishing trips.

Buried the Wrong Man.

ST. LOUIS, July 29.—Three weeks ago the body of a murdered man found in the settling basin of the waterworks was identified as William McG. Stocker and buried by his wife and son. Saturday Stocker was found working in the city. He had no explanation to offer for the body which his relatives declare had on the clothes Stocker wore when he left home. He had been drinking. Stocker promised to return to his family but instead went on another drunk.

LIKE A RIDE ON AN EARTHQUAKE.

The Sensation Produced by an Elephant Running Away.

Nothing but a ride on an earthquake could be compared to the sensation of being run away with by an elephant. Nothing stops his wild rush, and he does not swerve for an obstacle, but goes straight at it. A few shakes fling off everything on his back, and the rider has but a second or two in which to make up his mind which overhanging branch he will elect to or if he will risk throwing himself off. A broken neck would be the certain consequence of remaining. As for stopping him, somebody has well said that you might as well try to stop a runaway locomotive by pulling with your walking stick on the funnel as to seek to check an elephant at such a moment with the goad.

By stroking an elephant's lip in a certain manner you can make it purr like a huge grimalkin till the earth shakes beneath your feet. When it is afraid or angry, it squeaks like an unoiled hinge. But when it suddenly jumps aside like a flea you imagine for a moment that the ultimate terrestrial cataclysm has gone off.

The Malays never wholly trust their elephants and were nervous at my familiarities with mine, a sweet tempered old female on which I rode hundreds of miles. During the midday halt I used to call her up, and she would come and stand with one foot on each side of my chest as I lay on my back and fed her with bananas. I was never angry with her but once, when she tried to kill the cook.

On one occasion a little elephant of our party, running behind its mother, teased her beyond endurance, and she turned and gave him a shove that landed him feet uppermost at the bottom of a deep brook. For two hours he screamed like a steam whistle while we were all engaged in getting him out.

Every night when we reached camp and the loads were taken off each driver would hobble his beast by tying its front legs together with rattan so that it could only hop with both together. Then a huge wooden bell was hung around its neck, and it was turned loose to wander in the jungle. All night long the faint dong, dong of these bells made a mournful noise around the camp. At daybreak each driver tracked his elephant by the sound, often going many miles for him.—Atlanta Constitution.

The total acreage of all the farms in the United States is 623,218,619, of which 357,616,755 are improved or under cultivation, and 265,601,864 acres remain uncultivated.

The signal corps of the United States army has made considerable use of the bicycle as a means of quickly transmitting from one point to another. Army bicycling is something new. At first it was tried with hesitation, but now a considerable number of additional wheels will be added to the equipments of the signal corps. General Miles is strongly in favor of the silent steed. When he comes to be the head of the army, it will probably cut still more of a figure in military operations. In case of difficulty with Indians a man flying upon a wheel would be much harder to hit than a man on horseback.

Besides her exposition and her millions of watermelons Georgia has this year the greatest peach crop in her history. Last year the crop, owing to May frosts, was only 7 per cent of the average. This year it is 105 per cent. It will be a surprise to many to find that the next largest peach crop in proportion to area is raised in Connecticut, the popular belief among people who do not live there being that Connecticut can produce no peaches at all. But besides producing within her borders more people who live to be very old than are born and bred in any other state in the Union; besides, also, growing some of the finest tobacco that ever did grow, Connecticut has, in addition, a good sized peach crop almost every year.

She Great Men.

Mrs. Julia Ward Howe tells two new anecdotes of the shyness of literary men—one of Hawthorne, of whom such anecdotes are common, and the other of Irving. Irving, she says, attempted to make a speech at a dinner given to Charles Dickens, but after mumbling a few words indistinctly he remarked, "I can't go on," and sat down. Of Hawthorne's timidity she had a glimpse while calling with her husband on Mrs. Hawthorne in Concord. While they were in the parlor they saw a tall, slim man come down the stairs, and Mrs. Hawthorne called out: "Husband, husband! Dr. Howe and Mrs. Howe are here." Hawthorne bolted across the hall and out through the door without even looking into the parlor.

HOOVER BROS.'

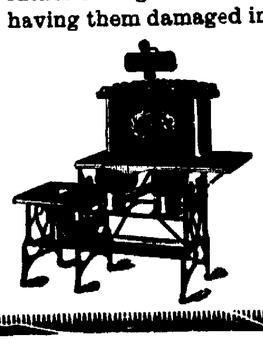

Great Clearing Sale For August!

We have 86 Chamber Suits, 45 of them still have the burlaps on and have not been unpacked; 30 Sideboards, 29 Pillar Dining Tables, 27 Couches and 25 Bed Lounges, which were received too late for the spring trade. We must have the room they now occupy by September 1st for our large stock of 200 Heating stoves, which will be shipped August 15th, consisting of hard coal, soft coal, wood and gas heaters, besides the numerous different designs of Steel Ranges, combination steel and iron Ranges and all iron Ranges, stoves with reservoirs and warming closets and square cooking stoves. We always carry the largest variety of any store in Lima. This furniture must be moved within the next thirty days regardless of cost. The old adage holds good "In time of peace prepare for war." What is our loss is your gain.

Our electrical passenger elevator will take up 315 square feet of floor space which is now devoted to showing goods on. This floor-space will be a total loss to us. We ought to have ten times that much more space in place of losing it, to show our large stock. The passenger elevator will be in running order to our Carpet Department about August 20th. If you are contemplating anything in our line it will pay you to buy now, as the different factories will have to stand a great deal of loss by not getting these goods here in time for house-cleaning, as they were contracted for, and we notified the manufacturers we would not accept them on account of the lateness of the season, but rather than go to the extra expense of having them shipped back and taking chances of having them damaged in shipping, &c., they have given us a large reduction. We will also give a reduction on Baby Cabs, Refrigerators, Bicycles, Ice Cream Freezers, Gasoline Stoves.

Strange Use of the Teeth.

Mrs. Peary has told what a hard day's work it was for the Eskimo women in her service when they prepared skins for clothing. The women cleaned the skins, and after a certain number of hours spent in masticating hard hides their jaws were quite tired. Polynesian women chewing a particular root so as to prepare a fermented liquor must have an equally hard time of it. Primitive man had to use his teeth much more than we do, for he did not eat with them alone.

Every "osteologist has noticed," writes Professor Mason, "how the teeth in the crania of certain savages are worn to the socket, and we are frequently told that this arises from the large quantity of sand in the food." But it is probable that primitive man used his teeth not alone for the trituration of his food. The teeth set on some small object made a vise, and teeth were used for cutting implements. In basket making the teeth were the ready nippers, and the small branches of osiers must have been peeled by the same means. "Whoever has seen," writes Professor Mason, "an Eskimo boot neatly puckered all around the edge of the sole will not be surprised at the brevity of the good woman's teeth when he comes across her skull in a museum."—New York Times.

The failing sight of Gladstone was the greatest calamity that could have overtaken the Liberal party and Ireland. The passing of the Liberals was undoubtedly owing to the unseemly quarreling of the Irish factions, but that would not have brought matters to such a pass had there been one man in the Liberal party with brains enough to hold it together.

The British East Africa company has sold its possessions to the English government, and that government will at once construct a railway from the east coast to the province of Uganda. The new territory which has thus become a colony of Great Britain covers 1,000,000 square miles in eastern Africa. It has a coast line of 400 miles and extends inward to the Victoria Nyanza, thence northward to the Congo Free State. England is going to act on the assumption that Africa belongs to the nation that can first put railroads through it.

OUT ON A STRIKE.

The Hebrew Clothing Makers of New York City.

BEEN BREWING FOR SOME TIME.

The Strikers Claim That Sixteen Thousand Workers Have Responded to the Call—They Say There Is Plenty of Work to Be While the Contractors Protest That Business Is Slack.

NEW YORK, July 29.—The Hebrew clothing makers of this city yesterday, for the first time, observed the American Sunday. They were on a strike. Trouble has been brewing between the tailors and the contractors for some time, and yesterday it resulted in a general strike of the workers, which was forecasted Saturday. It is claimed by the strikers that 16,000 workers have responded to the call of the United Brotherhood of Tailors, and not only this city, but Brooklyn, Newark and Brownsville are affected. The number out in this city is estimated at 9,000.

The United Brotherhood of Tailors had hoped that a strike might be averted until September, when the agreement for the year between the workers and the contractors would expire, and when work would naturally cease until a new agreement had been arranged. The workers assert that the contractors were not willing to wait and that now, when there is plenty of business, they wished to force a strike. They say that the contractors broke through the terms of the existing agreement by refusing to pay their hands on the day specified, and that they, the better to insure the success of their scheme to force a strike, locked out several hundred of their employes.

The contractors allege that work is slack, and that so few were their orders that they were compelled to knock off some of their men. They deny having any unwillingness to live up to the terms of the agreement, and that they were anxious to force the men to the action taken. But, however these things may be, one thing is certain, that the tailors were dissatisfied and that they have demonstrated this by responding instantly to the call issued by the United Brotherhood of Tailors, the leading spirit of which is Meyer Schoenfeld, who styles himself "official organizer of the United Garment Workers of America."

Schoenfeld told the strikers that the strike would be over in a week or 10 days if the wholesale manufacturers would not interfere, as the strikers had been called out in a busy time and the contractors were not in a position to leave their orders unfilled.

The minimum wages demanded is for operators, $15. basters, $13, pressers, $10; bushelers, $10; trimmers, $10; twisters, $9. They also insist that all members of the brotherhood out be reinstated and that the representatives of the brotherhood have access to the shops to investigate grievances and see that the employes have their "due books" as proof of their membership to the union.

That Tired Feeling

Is a common complaint and it is a dangerous symptom. It means that the system is debilitated because of impure blood, and in this condition it is especially liable to attacks of disease. Hood's Sarsaparilla is the remedy for this condition, and also for that weakness which prevails at the change of season, climate or life.

Hood's Pills act easily, yet promptly and efficiently on the bowels and liver. 25c.

Trains and Bicycles Compared.

During the last twenty years the improvements in railroads have been remarkable, but they must be more remarkable in the next twenty. When we see crashing past us that enormous mass of iron and wood called the vestibule train we are prone to wonder at the wide difference between the construction of this train and that of a bicycle. A 21½-pound "safety" will carry a 150-pound man at nearly the same rate of speed as the train, but for every 150-pound man the vestibule train must carry a dead weight of between 3,000 and 4,000 pounds. Now, as the bicycle is a practical machine, the train must be unnecessarily heavy; and, if there is such a discrepancy in one important point, may not an equal discrepancy exist in other important points?

Remedy for Red Noses.

Red noses, says Diana De Morny, are certainly most unattractive, and how to remedy such an affliction comes within the power of all those who suffer this disfigurement. Let the red-nosed girl abstain from spices and from all stimulants—even tea and coffee; let her take frequent exercise, dressed in loose clothes; eat simply cooked food, with an abundance of fresh fruit and vegetables. Tight lacing, tight shoes—anything which impedes the circulation—will produce red noses. The following wash, which is the formula of the renowned specialist, Hillairet, may be used also with benefit: Distilled rose-water, 250 grammes; spirits of camphor, 30 grammes; sulphur, in powder, 20 grammes; Senegal gum, pulverized, 8 grammes.

Last summer one of our grand children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Frederickstown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. WIRE NAIL DEAL.

First Time the Carnegie Company Ever Sold a Plant Bearing Its Name.

CHICAGO, July 29.—The Carnegie wire nail mills at Beaver Falls, Pa., have been purchased by the Consolidated Steel and Wire company of this city. Negotiations which begun two months ago have been consummated and preliminary payments made on the purchase price, which is said to be in the neighborhood of $725,000. The deal, which is probably the largest effected in the wire nail manufacturing industry in recent years, arouses general interest from the fact that the present is said to be the first instance of the Carnegie company having sold a plant which bore its name.

Ship Long Overdue.

SAN FRANCISCO, July 29.—The British ship Sakoto left Liverpool for this port 170 days ago and nothing has been heard of her for weeks. She was last spoken off the Horn by the Drummcliff vessel, which arrived in London several weeks ago. At this season of the year headwinds and calms on this coast are not very unusual, and it might be that the Sakoto has been delayed by encountering some of them. Notwithstanding the uncertainty of the season much anxiety is felt for the safety of the Sakoto.

COLLARS AND CUFFS that are *waterproof.* Never wilt and not effected by moisture. Clean, neat and durable. When soiled simply wipe off with a wet cloth. The genuine are made by covering a linen collar or cuff on both sides with "celluloid" and as they are the *only* waterproof goods made with such an interlining, it follows that they are the only collars and cuffs that will stand the wear and give satisfaction. Every piece is stamped as follows:

TRADE CELLULOID MARK.

If anything else is offered you it is an imitation. Refuse any but the genuine, and if your dealer does not have what you want send direct to us, enclosing amount and stating size and whether a stand-up or turned-down collar is wanted. Collars 25c. each. Cuffs 50c. pair.

ROLLED INTO THE BAY.

A Picnic Party Comes to a Serious Ending at Toledo.

TOLEDO, July 29.—A bus containing 20 people rolled down a 10-foot embankment into the Maumee bay at midnight Friday night. The party was returning from a picnic and in making a sharp turn in the road the driver, who is said to have been drunk, lost control of his horses and over they went with the bus load.

The omnibus, horses and people made a struggling heap in a half foot of water. The screams of the injured were heard by a couple of men at Lake Erie Park casino, and they came to the rescue of the unfortunate picknickers. Not one of the 20 escaped unhurt and all have dislocated shoulders, sprained and broken limbs and internal injuries as a result of the accident.

FIRE AND BULLET PROOF.

New Railroad Station to Be Built at Midvale, O.

BELLAIRE, O., July 29.—The Cleveland, Lorain and Wheeling Railway company have let a contract for a new white fire brick station at Midvale, near here. The new building, besides having the usual accommodations, will have dwelling rooms and every facility for enabling the agent to live in a state of siege. The station is one at which a number of crimes have been committed, and the life of the agent has been such a hard one that numerous resignations have been handed in. A year ago agitators marched with a brass band and flying flags and deliberately set fire to several railway bridges, which they watched until they were completely destroyed and then marched off again.

Will Probably Strike.

CLEVELAND, July 29.—It is more than probable that the 1,000 members of the rolling mill workers' union in this city will strike on Thursday next for an increase of 12½ per cent in wages. The men have already made their demands and they will hold a formal conference with the mill owners on Wednesday, but it is believed that the manufacturers will refuse to grant the demand. In that case a strike will be ordered to begin on the following morning.

Express Agent Missing.

NEWARK, O., July 29.—John A. Hoagland, agent of the Adams express here, disappeared last Friday. An investigation of his accounts show that he is short $1,196. Hoagland left the safe locked and it is not known whether it contains cash to cover the shortage or not. Hoagland had been in the employ of the company for five years and enjoyed the company's fullest confidence. The news of his dishonesty has caused general surprise.

Died In Prison.

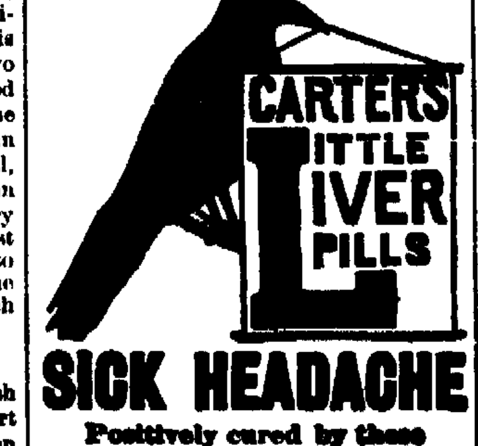

COLUMBUS, O., July 29.—Otto Crawfis, the defaulting treasurer of Putnam county, died in the state prison here Sunday afternoon. On Saturday brain trouble developed and he was adjudged insane. The case rapidly ran into meningitis, resulting in death. Crawfis was received at the prison nearly two years ago to serve 10 years for his crime. He was short about $25,000 in his accounts.

Murder Mystery Solved.

TOLEDO, July 29.—Frank Pyszka of South Bend, Ind., was arrested at that place recently. He confessed to the local police Saturday night of the murder of Stanislaus Nowitzki, which occurred on the night of July 21 at Air Line Junction. Nowitzki was shot as the result of a drunken row in the Polish settlement. The murderer skipped out but was soon caught.

SPANISH FORCES WERE ROUTED.

The Insurgents Outnumbered Them Nearly One-Half—The Cubans' Loss Was Less Than 100, While That of the Spanish Is Said to Have Been Over 700—An Expedition Now En Route.

TAMPA, Fla., July 29.—Passengers arriving by the Plant steamship from Cuba state that in the battle at Valenzuela Campos' force numbered 1,600 and the insurgents 2,500. By the vigilance of the Spanish advance pickets the Spanish troops were not led into the Cuban strongholds, but sheered off into a plain, where the forces met. The insurgents killed all the Spanish horses in order to capture what provisions, arms and ammunition they bore and to cut off Campos' escape. Two mounted pickets arriving, they gave their mounts to Campos and a companion, who reached Bayamo at 3 a. m. The insurgents' losses were between 80 and 100, while the Spanish loss is said to have been more than 700.

TO HELP THE INSURGENTS.

The Greatest Expedition From This Country Said to Be En Route.

PHILADELPHIA, July 29.—The Press publishes a sensational report in which it says a large expedition from this country to help the Cuban insurgents sailed Saturday and will soon be in Cuban waters. It is said a fast vessel was secured, and that she has been armed with rapid firing 4-inch and 6 inch guns which were shipped on other vessels and transferred to her on the high seas, as were 3,000 Remington rifles and 50,000 pounds of ammunition.

It was the largest expedition that has yet left this country for Cuba, and was under the command of Colonel Enrique Collase, who arrived in this country about July 6 and since that time has been preparing for this expedition. For obvious reasons the name of the vessel has been kept quiet.

GREAT ENTHUSIASM IN SOFIA

At the Funeral of Two Officers Killed Fighting For Macedonia.

SOFIA, July 29.—A funeral service in the cathedral in honor of two Bulgarian officers who were killed recently on the frontier, fighting in behalf of the Macedonian insurgents, was made the occasion of a remarkable political demonstration.

After the service the president of the Macedonian committee delivered an impassioned oration. Two portraits of the two deceased officers were exhibited in the cathedral and then brought into the square. The crowd defiled past, kissing the portraits. Some Macedonians, who were engaged in the fighting when the officers were killed, were borne high upon the shoulders of the crowd and cheered with enthusiasm.

A procession of several thousand paraded the streets with the portraits, singing Macedonian war songs. They were received with acclamations everywhere.

RIVER DISASTER REPORTED.

Forty Lives Reported Lost—Report Not Confirmed or Denied.

MEMPHIS, July 29.—A report was current in this city last night that the steamer Belle of Memphis of the Anchor line, bound from St Louis to this city with about 85 excursionists on board, had sunk about 60 miles north of here and that 40 lives were lost. There is no telegraphic communication with any point near the river between here and the scene of the reported disaster The rumor can not be affirmed or denied.

WAS A FAKE

The Reported Massacre of Settlers by Indians in Wyoming.

WASHINGTON, July 29 The massacre at Jackson's Hole Wy , is here believed to be a fake A brother of Agent Teter says the white hunters are entirely to blame for the trouble that exists

The department officials decline to discuss the reported massacre, but it is from their manner when the subject is referred to that the report is not accepted as true. They also decline to say what policy may be pursued as to sending in reinforcements

Very Much Simplified.

WASHINGTON, July 29—Dispatches received at army headquarters here yesterday from General Coppinger show that the force of cavalry ordered to Jackson's Hole, the scene of the Indian troubles in Wyoming, is making its way there and will probably reach the place tomorrow night. In addition other troops have been ordered to Market Lake from Fort Russell, so as to be in readiness for active work should their services be required. No mention is made of further trouble, and with the known peaceable attitude of the Indians on the Washakie and Duschesne reservations, the situation is regarded as very much simplified.

Arms and Ammunition.

SALT LAKE CITY, July 29.—The Salt Lake Hardware company shipped on the train going north yesterday afternoon a large consignment of arms and ammunition. The order came by telegraph from St. Anthony's, and as that is the entrance to the Big Hole country it is evident that the settlers there are expecting Indian trouble.

GREAT NAVAL EXPOSITION

To Be Held at Kiel Next Summer—Will Be Interesting.

WASHINGTON, July 29.—Consul Robertson, located at Hamburg, in informing the state department of the intention to hold an international naval exposition at Kiel from May 25 till Sept. 30, 1896, says:

"The grounds chosen for the exposition are beautifully situated along the shore of the bay of Kiel, close to the eastern entrance of the newly opened canal, and with a splendid view of the harbor of Kiel. They measure about 350,000 square meters. Large exhibition buildings and small pavilions will be erected, as well as open and half covered galleries. The naval exhibition is to comprise all articles in any way connected with the navy or shipping in general, as well as on the sea, river and canal. It will give a complete historical review of the developments and progress made in ship building and its kindred industries. The waters of the harbor of Kiel offer excellent opportunity for showing steam and electric launches, sailing yachts, rowing boats, etc. The official program will be ready in September next."

The naval exhibition will be given in connection with an industrial exposition of the province of Schleswig-Holstein.

OKLAHOMA DIVORCES

Declared to Be Illegal—Many Eastern People Interested.

GUTHRIE, O. T., July 29.—The suit to test the divorce granted by the probate judge of Oklahoma has been decided by the supreme court adversely to the judges and the divorcees, the court affirming its former decisions on the subject, denying the right of probate judges to grant divorces and declaring all such null and void and any subsequent marriages of the parties illegal. Hundreds of eastern people who have secured Oklahoma divorces from probate courts will be compelled to have their cases retried in the district courts.

Facts Misrepresented.

BANCROFT, Neb., July 29—A large meeting of citizens was held here to protest against the purported congressional investigation of affairs on the Winnebago reservation. Scathing resolutions were adopted against Pender people for misrepresenting facts. The sense of the meeting was that the investigation was entirely one sided. A communication signed by about 100 Omaha Indians, including nine members of the council of 10, indorsing Beck's administration has been sent to the Indian commissioner.

Noted Man Dead.

ELK POINT, S. D., July 29.—Elder Joshua Vaughan Himes, 91, the famous co-worker of William Miller, the founder of Adventism, is dead. Mr Himes was born in Wickford, R. I. The family were Episcopalians, but the boy became a member of the New England sect commonly called Christian Baptists, and for a number of years served as a general missionary. In 1879, however, Elder Himes returned to the church of his youth and has since remained with it.

They Want Water.

DENVER, July 29.—The citizens of South Denver have organized a vigilance committee the object of which is to prevent the Union Water company from shutting the water off from their premises for nonpayment of their bills before rates are readjusted in accordance with the contract with the city Similar action will probably be taken in other wards. The question of arranging rates will come up in the city council again this week.

The Only Remedy in the World that Refunds Purchase Price if it Fails to Cure the Tobacco Habit in 4 to 10 Days is

NARCOTI-CURE

It Cures While You Continue the Use of Tobacco.

The greatest discovery of the age!
A certain, pleasant, permanent cure.
A lifetime's suffering ended for $5 00.

Why smoke and spit your life away? Why suffer from dyspepsia, heartburn, and drains on your vital forces?

Stop using tobacco, but stop the right way! Drive the nicotine from your system by the use of this wonderful remedy.

NARCOTI-CURE is warranted to remove all desire for tobacco in every form, including Cigar, Cigarette and Pipe Smoking, Chewing and Snuff Taking.

Use all the tobacco you want while under treatment, and in from four to ten days your "hankering" and "craving" will disappear—the weed won't taste good.

Then throw away tobacco forever.

NARCOTI-CURE is entirely vegetable and free from injurious ingredients. It never fails to give tone and new vigor to the weakest constitution.

Remember NARCOTI-CURE doesn't deprive you of tobacco while effecting a cure; doesn't ask you to buy several bottles to be entitled to a guarantee; doesn't require a month's treatment; and, finally, doesn't enable you to stop tobacco only to find yourself a slave to the habit of tablet chewing.

With NARCOTI-CURE, when you are through with tobacco, you are through with the remedy. One bottle cures.

Springfield, Mass
Gentlemen—I have used tobacco for over twenty-five years, chewing or smoking every day from 7 a. m. to 9 p. m., stopping only for meals
On Monday, February 4, I called at your office in Springfield, and bought a bottle of the CURE which I used as directed, and on the tenth day the desire for tobacco had left me and it has not returned I did not lose a meal while taking the CURE. My appetite has improved and I consider NARCOTI-CURE a grand thing
Very respectfully,
CHAS. L. LINCOLN

Mr. Frank H. Morton, of Chicopee Falls, Mass., late Inspector of Public Buildings for Massachusetts, says

I used tobacco for twenty five years and was a confirmed smoker. In just eight days treatment with NARCOTI-CURE I was through with tobacco, in fact the desire for tobacco vanished like a dream.
Very respectfully,

She's Getting There.

A woman burglar was arrested recently. She broke into a tailor shop and got away with several pairs of pants. Another woman was trapped while fishing for the same line of apparel which had been hung on a clothes line by the occupant of a flat beneath her own. She fastened a fish hook to a cord and angled for the garments like an old-time fisherman. The craze for man's attire is apparently leading some of the new women to the penitentiary—*New York Correspondence Pittsburg Dispatch*

Mamie's mother was very ill, and Mamie was brought in to see her.

"Oh, my dear, what would you do without mamma?" asked the sick mother.

"I don't know, mamma, but I suppose it would be all for the best," responded this child of orthodoxy.

"You hard-hearted little thing!" exclaimed the mother, who promptly proceeded to get well again.—*Exchange*

Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of blackberry cordial but got no relief. She then sent to me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sidley, Sidney, Mich. For sale by Melville Bros , next to P. O.; C. W. HUNTINGTON, MASS., March 18, 1895.
THE NARCOTI CHEMICAL CO.,
Springfield, Mass.
Gentlemen—I have used tobacco for over twenty-five years, chewing and smoking every day from 7 a. m. to 9 p. m., stopping only for meals. On Monday, February 4, I called at your office in Springfield, and bought a bottle of the CURE which I used as directed, and on the tenth day the desire for tobacco had left me and it has not returned. I did not lose a meal while taking the CURE. My appetite has improved and I consider NARCOTI CURE a grand thing.
Very respectfully,
CHAS. I. LINCOLN.

Mr. Frank H. Morton, of Chicopee Falls Mass., late Inspector of Public Buildings for Massachusetts, says.

I used tobacco for twenty-five years and was a confirmed smoker. In just eight days' treatment with NARCOTI-CURE I was through with tobacco, in fact the desire for tobacco vanished like a dream.
Very respectfully,
FRANK H. MORTON.

If your druggist is unable to give full particulars about NARCOTI-CURE, send to us for Book of Particulars free, or send $5.00 for bottle by mail.

More About the Electric Railroad Scheme.

The Present Plan is to Build to Wapakoneta than to St. Marys

There seems now to be some indication that an electric railway will be built from Lima to this place, by way of Wapakoneta. B. C. Faurot and other parties from Lima were in town this week feeling the public pulse on the question and if all that is required is the consent of our people to a right of way through town there will be no doubt of the project. If the road is constructed it may possibly be extended to New Bremen and Minster on the south or to Celina on the west, and if those towns are alive to their interests they will exert every influence to secure the road.

A road of this kind would undoubtedly be of great benefit to our town and would in part give us the practical benefits of a trunk line. So far as passenger and light freight traffic is concerned the electric road is far superior to a trunk line, and it is not impossible that heavier freights may also be provided for. We hope our people will encourage the project as much as possible and extend a cordial welcome to any responsible company that desires to come in. These electric roads are now being built all over the country and ten years hence will probably see every town of importance connected with its neighbor in this manner. If an electric railway was built between this place and Lima it would enhance the value of every farm on the route ten per cent and once built, like the pikes, our people would not do without it.—*St. Marys Argus.*

OHIO ELKS

Will Hold a Reunion at Cedar Point Next Month.

At the recent session of the Grand lodge, B. P. O. E., at Atlantic City a discussion was had among the representatives of Ohio lodges as to the advisability of having a reunion of such lodges at such time and place as would be most convenient to such lodges. Acting upon such discussion a call was signed by F. E. Baxter, of Lima, and all the representatives of the lodge in Ohio. The members held a meeting and selected an executive committee which was given power to make arrangements as to time of holding the reunion, the place having been designated at Cedar Point.

The committee have arranged for Thursday and Friday, August 15 and 16.

While the program has not yet been completed and cannot be announced as an entirety, it will be of such a character as will be pleasing to all. Sandusky lodge will assist in the entertainment of the membership and the order of exercises will be about as follows:

THURSDAY.

1 p. m.—Reception at Elks' hall, Sandusky.
2 p. m.—Boats to Cedar Point.
3 to 6—Bathing and other entertainment.
6 to 7—Supper at dining hall.
7 to 9—Social session.
9 to 12:30—Dancing and return to city.

FRIDAY.

10:30 a. m.—Trip to historic Johnson's Island and entertainments there.

The bathing beach at Cedar Point is the finest in the entire country, and the grounds are also of the best.

The committee has issued the following to all lodges:

Come, all Elks of Ohio, and let the first of a series of annual reunions of the order in Ohio be such as to make such outings a pleasure to be anticipated, and backward upon which we can look to the pleasures had. Take such action by your lodge as will result in the immediate arrangement of excursion rates upon railroads.

Sandusky lodge would like an answer as soon as possible as to the number who will probably attend from your lodge so that suitable arrangements can be made for care and comfort. Notify the local members of the executive committee as soon as possible.

Children Cry for Pitcher's Castoria.

Kindly Nature in Kansas.

A new variety of watermelon, containing a pint of whisky, has been discovered in a prohibition town in Kansas. It is strange how often the wind is tempered to the shorn lamb. Now if in districts that have not gone "dry" there can be found a watermelon loaded with a two-ounce vial of Jamaica ginger then the eternal fitness of things would have a complete manifestation.—*Philadelphia Inquirer.*

Hot weather proves depressing to those whose blood is poor. Such people should enrich their blood with Hood's Sarsaparilla.

BIG CROWDS

And Much Enthusiasm Attend the A. M. E. Camp Meeting.

The campmeeting, which is being conducted by St. Paul's A. M. E. church in the county fair ground, opened yesterday under the most favorable circumstances, being the first Sunday.

At 9 o'clock an old fashioned praise meeting was conducted by Rev. John White. It was a meeting of much enthusiasm, participated in by both colored and white people. At 11 o'clock Rev. Jonas Montgomery preached a very able sermon, taking for his subject "The Love of God." Rev. Montgomery belongs to a type of preachers now rapidly disappearing among his race. His quaint sayings and most original illustrations greatly interested and pleased the audience. At 2 o'clock an interesting session of the Sunday school was conducted by Mr. Byrd, the superintendent. At 3 o'cloc Rev. R. C. Ranson, of Cleveland, preached. Rev. Baumgardner, of grace M. E. church, led in the opening prayer with a powerful appeal to the throne of grace. Rev. Ranson preached from John VIII, 13, taking for his subject "Jesus, the Light of the World."

In the evening a praise meeting of great power was held. The demonstration of emotion reminded one of former years. At 7:30 o clock, Rev Ranson preached on "Daniel in Babylon." It was a strong sermon and produced a profound impression on the audience. The attendance was good and the day a pronounced success.

To-night Rev. Montgomery will preach. Next Sunday Bishop Arnett will be present and preach. Meetings every afternoon and evening this week. All are invited. Next Monday will be temperance day, and Bishop Arnett will speak.

Killed on the L. E. & W.

Joseph Sheindorfer, of Kansas Station, a deaf mute, aged 30 years, while walking on the track of the L. E. & W. railroad two miles east of Fostoria, was struck by a west-bound freight train and instantly killed. The deceased was unmarried, and his occupation that of a tool dresser and oil well driller.

In the vicinity of Boquet, Westmoreland Co., Pa., almost any one can tell you how to cure a lame back or stiff neck. They dampen a piece of flannel with Chamberlain's Pain Balm and bind it on the affected parts and in one or two days the trouble has disappeared. This same treatment will promptly cure a pain in the side or chest. Mr. E. M. Frye, a prominent merchant of Boquet, speaks very highly of Pain Balm, and his recommendations have had much to do with making it popular there. For sale by Melville Bros., next to P. O.; C. W. LABOR DAY

The South Side Gun Club Will Give a Charity Shoot.

The members of the South Side Gun Club are making extensive preparations to hold on their grounds, on the South Side, on Labor Day, Sept. 2 one of the largest gun shoots ever held in this city.

The shoot will be advertised all over this part of the State and a big crowd of sportsmen is expected. The prizes which will be awarded the winners of the different contests will be donated by the local merchants and the entry fees of $1 per man will be given for the use of the Associated Charities of Lima.

Over fifty prizes have already been donated by the business men and some good contests with large entries will result.

FINDLAY WINS

The First Game Lost by the Present Lima Team.

After a Close Contest Lima is Defeated by One Run.

Yesterday one thousand five hundred people saw Findlay take another game from Lima. However, the Lima boys made a plucky fight. It was an uphill game for the home team all the way through. Findlay in their first inning landed on Miller quite frequently and getting two men on bases on balls, they managed to score four runs. Lima scored one in the fifth but couldn't score again until the seventh inning. The score standing 5 to 2 up to the ninth inning, Lima went to bat and made one of the most exciting finishes ever seen on the home ground.

With two men on bases, first baseman McGuirk came to bat and nailed the ball for a three base hit, scoring the two men. A single by Deiser scored McGuirk, tieing the score. Robinson then came to bat and when Lima went out the score stood 6 to 5 in favor of Lima. In Findlays half of the ninth, with their luck and kicking, scored two runs ending the game.

There were several causes for Lima losing the game. It was one of the hardest games to umpire that ever took place here in Lima owing to the many close plays. Catcher Cooper wasn't in the game the way he should have been at that stage of the game. Following is the score by innings:

Lima	0	1	0	0	0	0	1	0	4—6
Findlay	4	0	0	0	1	0	0	0	2—7

Hits—Lima 8, Findlay 12. Two base hits—Caroll, Zane.—Three base hits—McGuirk. Errors—Lima 5, Findlay 3. Stolen bases—Lima 4, Findlay 3. Struck out—by Miller 4, Reedy 3. Base on balls—off Miller 4, Reedy 2. Hit by pitched ball—Whiteman 2, Stokes, Ganz and Brandenburg. Battery—Reedy and Ganz for Findlay, Miller and Cooper for Lima. Umpire—Castle. Time—2 hours.

LIMA WON

Saturday's game by a score of 12 to 2. Not for one moment was Cygnet "in it." Faurot pitched one of his best games and had the Cygnet sluggers at his mercy. The score stood 12 to 2 in the seventh inning, when the visitors threw up the game in order to catch a train. Following is the score by innings:

Lima	0	0	0	2	4	0	6	—12	
Cygnet	0	2	0	0	0	0	0	—	2

Hits—Lima 15, Cygnet 5. Errors—Lima 2, Cygnet 6. Three-base hits—Stokes, Buelow. Two-base hits—Harlesty, Stokes, Buelow. Struck out—by Faurot 4. Batteries—Faurot and Cooper, Rickord and Buelow.

NOTES.

The Lima Stars defeated the St. Marys team at their grounds yesterday: 12 to 5.

The Elwood, Ind., team, champions of the State of Indiana, and a very strong team, plays here Tuesday and Wednesday.

Next week Donovan will bring his team here to play from Winchester, Ind. Barnes, Shaub and McCauley are with him.

Left fielder Robinson received a very severe bump on his thumb yesterday, being compelled to change places with Whiteman.

Reidy had the use of only one arm yesterday. He had a thumb broken at Findlay in trying to stop a liner. However, he pitched a great game, and at bat made two hits, batting with one hand.

Yesterday's game was peculiar in more ways than one. Seven double plays were made, six men were hit by pitched balls, and up to the eighth inning Shortstop Deisel had no chance to make a play.

DREAD CONSUMPTION.

Mrs. Maxwell Died From the Disease Saturday Evening.

Mrs. Rosa V., wife of E. F. Maxwell, of the Opera House orchestra, died at 5:30 o'clock Saturday evening, at their residence, No. 222 north West street, from consumption. The deceased was aged 25 years and 1 day, and had been ill four months. She was formerly Miss Reynolds, of Pittsburg, Pa., and had been married seven years. She leaves a husband and one child.

The funeral services were conducted by Rev. DeMiller at the residence at 10 o'clock this morning and interment was made privately in Woodlawn cemetery, at 2 o'clock this afternoon. Mrs. J. A. Lawrence, of Pittsburg, sister of the deceased, and Mrs. C. W. Maxwell, of Tipton, Ind., were among the relatives in attendance.

COURT HOUSE NEWS.

Reuben White vs. Village of Beaver Dam; injunction to restrain building a walk.

W. C. T. U.

A joint meeting of the north and south side unions or the union of unions hill be held in Trinity M. E. church next Friday at 2:30 o'clock. In view of the many matters of import before us at present, it is highly important that our unions be fully represented, hence this early notice that our ladies may have more favorable opportunity for full attendence. We are happy to state that Mrs. Morse has been made the president of this union of unions—one who is largely capable of doing efficient work in this office and whose zeal we trust will be an inspiration to many and that the time is not far distant when all our churches will be largely represented in this city making a strong band in defense of the right identified with the cause "For God and Home and Native Land."

Dr. Herrmann in a Runaway.

Yesterday about 5 o'clock as Dr. Herrmann was getting into his buggy on south Elizabeth street his horse suddenly jumped to one side and started to run away and Dr. Herrmann was thrown out but escaped with a few bruises. The horse was captured after it had gone several squares.

CITY LOST.

The Greenlawn Avenue Injunction Suit Decided To-day.

There was an important decision in common pleas court this morning in the sustaining of the injunction asked for by J. W. Halfhill in the letting of the contract by the city to E. F. Davis, for the improvement of Greenlawn avenue.

The court ruled the injunction perpetual upon two technical points: The bids were opened before fourteen days, the time provided for by law, after the publication, and the contract should have been divided into two classes of the work, between two contractors, whose bids when thus divided would make the cost of the improvement less than upon the aggregate bid of E. F. Davis.

HAD A LOVELY TIME.

Miss Gwen Jones Entertained a Number of Her Young Friends.

Miss Gwen Jones entertained in a charming manner a few of her very young young lady friends last Saturday from 4 to 6 o'clock. The young ladies were Misses Mary Annat, of Wooster; Marian Cessna, of Kenton; Florence McMahon, of Cincinnati; Ruth Townsend, Helen Moore, Kathrine Prophet and Nellie Price. One of the young ladies exclaimed as she reached home, "Oh! mamma! we had just a lovely time!"

DESTROYED BY FIRE.

Buckeye Pipe Line Company's Office at St. Marys Burned.

The Buckeye Pipe Line Company's station 24 at St. Marys was completely destroyed by fire yesterday afternoon about 2 o'clock. The office contained a 60 cell battery, an 18 wire switch board and the boilers for operating the pump station.

The origin of the fire is a mystery as no one had been about the place since 10 o'clock in the morning.

CHARGED WITH ASSAULT.

Mrs. Eliza Middaugh Has a Warrant Issued for Thos. Rison.

Saturday evening Mrs. Eliza Middaugh, of St. John's avenue, went to Mayor Smiley's residence, on south Pine street, and in a very excited manner told him that she had been assaulted by Thomas Rison, her next door neighbor, whom, she claimed, swore at her and used her very roughly. She stated that a chicken which some children were trying to catch in her yard ran under the fence into Rison's yard and the latter would not allow the children to enter his premises to get it. She then attempted to enter Rison's yard herself, but he pushed her against the gate and put her out. The mayor persuaded her to let the matter rest until to-day, hoping it could be adjusted without further trouble: but this morning Mrs. Middaugh appeared at the city building, and was not satisfied until she had signed an affidavit charging Mr. Rison with assault.

Rison, who works at the Solar refinery, will be notified to appear this evening.

STREET TALK.

One of "our girls," twenty of whom are in attendance at the "Cook County Normal Instute," of Chicago, writes home:

"School opens at 8 o'clock and lasts until 12:30; round table meets at 3:30 and lasts forty minutes, sometimes longer. Next year I want to make a complete success. Yesterday morning while we were attending Col. Parker's lecture Prof. Greenslade and Prof. Rogers stepped in. I did not sit near them but was so excited and glad to see them that the rest of the lecture was not appreciated.

"We are having a perfectly delightful time."

Ed Woolery, of the despatcher's office, is entertaining his brother, C. F. Woolery, of Lima, who is an expert piano tuner, and while in the city will tune a number of pianos. Mr. Woolery has had the misfortune to be blind since he was three years of age, but at home, in Lima, he knows the city like a book and goes everywhere. He is in the employ of a large music house in that city and his misfortune has added to the keenness of his other senses, which probably accounts for his success as a piano tuner, in placing the instrument in such a perfect tune.—*Huntington Democrat*
